wiregate tour-lock

Nuova leva **WIREGATE TOUR-LOCK** per la chiusura superiore del gambetto, studiata per mantenere la leva chiusa in misura confortevole durante la salita e veloce da richiudere per la discesa.

New **WIREGATE TOUR-LOCK** buckle on the top of the cuff, conceived to keep the buckle comfortably closed uphill and to quickly recluse it downhill.

quick step in insert

Uno scarpone pensato per le sci alpiniste più cool: **BLINK**, con la sua forma disegnata appositamente sulla morfologia del piede femminile, asseconda le tue esigenze più avanzate. I suoi dettagli tecnici, basati sull'*Axial Alpine Technology*, ti offrono la massima risposta in discesa ed eccezionali prestazioni in salita: leggerezza e libertà in tutti i tuoi movimenti per una performance impeccabile.

A boot conceived for the coolest female alpine-tourers: **BLINK**, with its shape designed especially against the morphology of the female foot, satisfies your most demanding needs. Its technical details, based on *Axial Alpine Technology*, offer you total downhill response and exceptional uphill performance: lightness and freedom in all your movements for a flawless experience.
